EPIPHYLLUM—Orchid-Cactus

(10"-12" UNROOTED CUTTINGS)

This is a gorgeous flower, and easy to have. Cuttings root 100%, the plants are rugged and stand neglect—also temperatures as low as 28°.

Cuttings will bloom the first year, and have six or more flowers the second year. Thereafter they are profuse bloomers. The flowers, which are 2 to 10 inches across depending upon variety, burst from those thick leathery paddle leaves which blend well with modern decor. Each bloom makes a stunning corsage. If you have sunny windows, or a greenhouse, you will find this plant well worth while for pots and hanging baskets.

Qty IMMEDIATE SHIPMENT. MINIMUM ORDER 3.50

-ANTWERPIA—soft old rose, large cup form with recurved petals.
-FRIEDRICH BUEL—dark carmine with orange stripe on inner petals shading to lavender and white edges.
-COOPERI—pure white flowers which bloom from bottom of plant. Unusual.
-DR. HOUGHTON—rich red with wide purple margins. Open funnel form.
-FLAMINGO—pastel orange with violet edged throat. Funnel form with long curving neck.
-POLAR BEAR—large white, wide open, flower.
-ROSETTA—deep rose with recurved and incurved petals. Fine basket type, and popular for corsages.

....total number of unrooted cuttings @ .50 each.....\$.....

-ALICE CANFIELD—rose-pink overcast with violet. Medium large flowers.
-AMOUR—salmon peach with red center. Broad petals. Opens wide.
-ANTON GUNTHER—red with lots of purple. Pink on inner petals. Cup and saucer flower.
-AUGUSTA VON SZOMBATHY—inner petals delicate pink and orchid edged white, outer petals red. Good basket type.
-CAPRICE—rosy orange with cerise edges on inner petals. Open cup.
-DEIDA—evenly colored deep rose with outer petals still deeper.
-DR. WERDEMAN—purple with light orchid edge. Large flowers.
-GLOWING EMBERS—clear burnt orange. Early. Loose funnel form.
-HERMOSSUS—red with iridescent throat. Large, cup shape. Prolific.
-HOLIDAY—waxy scarlet pointed petals. Large open flower.
-PURPLE DELIGHT—red with purple predominating. Flower opens very wide.
-RICHARD DIENER—soft apricot-orange with large cerise eye. Open funnel.
-ROYAL ROSE—pastel tones of rose and buff with iridescent throat.
-RUBESCENT—wide pointed red petals with fuchsia edges. Narrow flaring red back petals. Medium size wide open flower.

....total number of unrooted cuttings @ .75 each.....\$.....

-ARTISTA—buff orange. Very broad petals. Open funnel form.
-BAMBI—lacquered red overcast purple. Small funnel flowers. Excellent basket type.
-BRIDAL VEIL—white crinkled petals. Large flower with flaring trumpet form. Good as cascade.
-COPPER KING—rich copper. Very large, wide open flowers.
-DARKO—narrow dark red back petals, inner petals wide and deep red with fuchsia shadings in throat. Late.
-GERMANIA—burnished purple and red. Very large flowers in open cup.
-GOLDEN DEW—chrome orange with flecks of gold. Opens wide with back petals recurved. Flowers about 7" in diameter.
-JAUNDICE—deep yellow outer petals, shading through light yellow to white center. Very lovely.
-JO ATTENHOFFER—gleaming orange-red, bronze glint. Wide cup form.
-LATONA—darkest rose. Outer petals have reddish tones. Large flowers, cup shaped.
-MAJESTY—orchid-pink, very wide crepe-textured petals. Large flowers, open cup shape.
-MONS. RIVIERE—bright orange edged cerise, outer petals red. Open cup.
-MRS. GRANT—predominately purple, outer petals red. A rich beauty.
-NELLIE CANTWELL—coppery orange with slight edge of fuchsia.
-POLDI SVETNIC—star-like white flower with numerous narrow petals. Opens flat 7" wide. Fast growing. Good basket type.
-PRES. F. D. ROOSEVELT—extra large white with pink sepals. Very broad petals with crinkled texture. Opens wide. Outstanding kind.
-STANKA STOZIER—deep red-violet blending to lavender with orange center stripe. Large flowers, wide cup. Good basket.
-WILLIAM deLAET—purple with light mid-stripe. Cup and saucer form.

"Grow Extra Dollars—At Home"

The author, Ray Reynolds, has built a profitable sideline business growing plants at home for wholesale, while commuting to his regular city job.

From practical and successful experience he tells home gardeners how to procure or make the equipment needed, what to grow, how to plan production, how to price, where and how to sell . . . In short, exactly how to have a profitable hobby and your own business.

"Serves as an invaluable guide as it deals with information not found in the typical garden books."—Chicago Tribune

"Covers both the business principles involved and the many operating details."—Flower Grower Magazine

"There is much in this small volume to make it valuable to anyone."—Organic Gardening Magazine

A CONCISE WORKING MANUAL, 52 PAGES, ILLUSTRATED

\$2.00 postpaid

STRELITZIA—Bird of Paradise Flower

This is a rugged tropical plant which will bloom in a sunny window but is a bit large for a house plant and looks happier in the hobby greenhouse. You have seen the exotic flowers, like gaudy birds poised for flight, in higher priced florists. The plants, however, are hard to find.

They bloom when four to six years old, and we have three year old plants which the grower is selling very reasonably:

....3 year plants, 12"-18" high, from 6" pots, @ 3.00 each.....\$.....

REYNOLDS GARDENS, ARMONK, NEW YORK
September 1954

AFRICAN VIOLETS (rooted plantlets)

Here is a quiet way to have the most varied assortment of Africans in your circle. Doubles, semi-doubles, and singles—white through pink and red, and all shades of blue to black-purple—leaves crisp or ruffled, hairy or smooth. The labeled rooted cuttings are enclosed in a little pack of mud and vermiculture, wrapped in waxed paper, and shipped in a carton by parcel post "Special Handling." We guarantee to deliver good plants in good condition. Cultural directions are sent with each shipment and all plants should grow. Shipped September 25 to November 30, and resumed March first.

MINIMUM SHIPMENT 3.50	
Qty	
... AMENIENUS—a species. The foliage is petite and crisp. It creeps and the flowers are a lovely light blue.	
... AZURE BEAUTY—large, fluffy double azure bloom. Nice light green leaf.	
... BABY PINK—well named. Good deep pink; nice foliage; dainty plant.	
... BLACK BEAUTY—crisp, rather large foliage. Blossoms are a black-purple. A beauty.	
... BLUE HEIRESS—robust foliage, very scalloped of blue-green color. Delft blue blooms in clusters well above foliage.	
... BLUE WARRIOR—always attracts attention. Rich dark green, highly varnished leaves. Vivid blue flowers size of half dollars.	
... DOUBLE DELIGHT—double with a difference. The deep blue seems to have a glow. Foliage is very good.	
... DOUBLE DUCHESS—one of the older double purples and still a favorite. Very robust and generous with bloom.	
... DOUBLE GIRL—extra good girl foliage with deep blue double flowers.	
... DOUBLE SUMMER SKY GIRL—blossoms blue as a summer sky. Good girl foliage.	
... DOUBLE SNOW—a very nice double white with good dark green foliage.	
... DUPONT—light blue blooms are huge, powdery blue and stately. Foliage is large, crisp and very hairy. Unusual.	
... EVENING SUNSET—very fine dark green foliage, slightly hairy. Orchid bloom with rose overcast and a small white eye.	
... FLUFFY LADY—semi-double blossoms of fluffy white with just a touch of color for interest. Very pretty.	
... GATON'S PURPLE—real spooned foliage, glossy green. Flowers are a brilliant reddish purple with distinct veining.	
... GENEVA RAINBOW—deep orchid blossoms with sparkling white edge. Medium green foliage.	
... GROTEI—a species. The "hanging basket" violet, or can be trained to climb. Pretty blue flowers over long period.	
... HEAVENLY BLUE GIRL—lovely and well-behaved girl foliage with sky-blue blossoms. A lovely plant.	
... HOLLY—completely different. Foliage is very dark green, almost black. Very scalloped and waving slightly. Blooms ethereal light blue contrasting nicely.	
... INNOCENCE—very good looking white on tawny dark green foliage. The white against the dark leaves is striking.	
... LADY GENEVA—patented. Deep blue flowers with sparkling white edge.	
... LAVENDER BEAUTY—a great hearted plant with medium green foliage and blossoms in abundance as large as half dollars.	
... LIGHT BLUE FRINGETTE—foliage is slightly tooth edged and ruffled. Medium blue blossom, very double with fringed edge.	
... MENTOR BOY—no purple will ever surpass Mentor Boy. The plant is beautiful and the flowers constant and abundant.	
... PINK CHEER—a deeper pink than Pink Girl. Foliage is excellent which is not often true in pinks.	
... PINK GIRL—blossoms are real pink, large and in clusters on long stems. Foliage is girl type, well-behaved.	
... RED FRINGETTE—foliage is especially beautiful, soft green with suggestion of ruffle. Deep wine blossom is extra bonus.	
... RED KING—one of the best reds like a bright port wine. Foliage is excellent medium to dark green.	
... ROSE RAINBOW—large lavender and white fluffy blossom, double.	
... ROSEANNA CREOLE QUEEN—foliage is deep green, scalloped with a high varnish. Blossom is double and deep blue.	
... ROYAL GIRL—decidedly unusual. The girl foliage forms a tight cluster in center of pot and flower stems grow well above the leaves with clusters of sky blue blossoms.	
... ROYAL SCOT—red-purple blossom, very double. Dark green leaves.	
... RUFFLED QUEEN—in heavy demand. Foliage is large, dark green and furry. Flowers are deep orchid with lacy fringed edge.	
... SNOW PRINCE—handsome medium foliage with flowers a beautiful chalk white which appear to have a hand-rolled edge.	
... STAR SAPPHIRE—patented. This violet always takes the show. The blooms are enormous and are a perfect five point star with a bright yellow center.	
... STAR AMETHYST—a new violet. A sister of Star Sapphire with the same five point star blossom in clear amethyst shade.	
... TEAR DROP—dainty medium green foliage with clusters of semi-double dainty blue flowers. You'll love it.	
... TUNGWENSIS—a species. It will capture your heart. The leaves are a bright varnished green, long and pointed. The blossoms are delicate blue and form a cluster in the top of the plant. It is a terrific bloomer.	
... YELLOW BROWN GIRL—girl leaves and white blossom with just enough suggestion of yellow to make one hope for a "yellow" some day.

FUCHSIAS (rooted cuttings)

Not everyone knows the range of shades and color combinations in singles, doubles, and trailers enjoyed by this native of New Zealand named after Leonhard Fuchs, the German Botanist. Fuchsias make favorite pot plants, unusual hanging baskets, and standards for the patio. These last are especially interesting grown to straight three-foot trunks supporting umbrellas of handsome pendant "eardrops." Shipments start November 1st.

MINIMUM SHIPMENT 3.00	
Qty	
... BLACK PRINCE—single; corolla crimson, sepals dark crimson.	
... CHANG—single; small flowers; corolla vivid orange, sepals the same with inside of petals almost white. Looks Oriental.	
... FASCINATION—very double; corolla soft pink flushed deeper pink, sepals deep pink.	
... LUCKY STRIKE—double; corolla inside petals solid blue-purple with outer petals pink with purple accents, sepals ivory white.	
... MARINKA—single; medium flower; corolla rosy-scarlet, sepals crimson; red stems. Small dark green foliage. Trailer, for baskets.	
... MOUNTAIN HAZE—double; large corolla of dusky mottled blue, sepals broad pink and upturned.	
... OTHER FELLOW—single; small flowers; corolla pale French rose, sepals and tube waxy white. Good for corsages.	
... PRIDE OF EXETER—double; corolla rosy-scarlet, sepals vivid crimson. Old favorite dating from 1900.	
... PRIDE OF ORION—double; corolla white veined pink, sepals fiery crimson; large blooms.

Total Bulb Order \$.....	
About Buying Bulbs	
The size of the bulb, as well as the variety, determines the price. Some "ads" stress the large size of the bloom, and show pictures of expensive kinds. Be sure you know the size of the bulb, and that the kind pictured is the kind selling for the low price.	
Daffodil bulbs, for instance, are graded commercially:	
Heavy Mother—the largest.	
Double-nosed—the size usually sold by better retailers.	
Round, and small double-nosed—most will bloom the first year.	
Small—sold by the bushel, or as "Bargain Specials."	

GERANIUMS (rooted cuttings, labeled)

Catalog prices on these geranium plantlets range widely. For simplicity we have averaged them and list all at the same price. Shipments start October first. Minimum 4.50.	
Qty	NOVELTY AND FANCY LEAF
... BRONZE BEAUTY—scalloped yellow-green leaves with narrow rust-red zone. Scarlet flowers.	
... CERISE CARNATION—double; cerise to light crimson, the edge of each petal sharply toothed. Medium size flowers in large clusters, carnation-like.	
... DISTINCTION—finely toothed green leaf with narrow black zone.	
... DOUBLE NEW LIFE—double scarlet and white flowers, some petals all scarlet and some all white, others mixed. Small flowers with many narrow petals.	
... HAPPY THOUGHT—bright green leaves with large irregular yellow center. Vermilion flowers.	
... HILLS OF SNOW—silver bordered leaf, double dark red flower.	
... HULDA CONN—salmon cactus flowering type with narrow rolled petals. Bushy.

EPISCIAS

(PLANTS FROM 2¼" POTS)

These little aristocrats of house plants are too fragile to be grown commercially for retailers to handle. Thus they are in short supply, rare, expensive, and worth having. Of the same family as gloxinias and African violets, the superior, heavily veined foliage is topped by numerous "flame violets" followed by leathery berries. Good for pots, baskets, or trained on pot trellises. Must be kept above 55°. Shipped from October 1st to November 15th.

MINIMUM SHIPMENT 4.50	
Qty	
... CHOCOLATE SOLDIER—chocolate brown leaf with bright green ribs. Somewhat hairy. Scarlet bloom.	
... KITTY—deep green with light green ribs and a faint touch of rose. Scarlet blossoms.	
... SILVER SHEEN—bright silvery green leaves with tan edge. Scarlet flowers.	
... SPLENDENS—broad emerald leaves with silver bars and darker green checked edge. Scarlet bloom.	
... VERIDIFOLIA—smooth Nile green foliage. Trails more than most and flowers more freely. Scarlet.	
... COCCINEA (Fulgida)—rich bronze leaves with strong silver sheen. Hairy and slightly scalloped. Scarlet.

We Pay The Freight On All Shipments

You know your full cost now. Living plants shipped via parcel post "Special Handling" with the speed of first class mail.

We guarantee delivery of good material in good condition. If a shipment suffers loss or damage in transit, please let us know at once and the loss will be replaced.

Why Minimums?

As it costs about as much to process, pack, and ship an order for two items as 100, each grower sets a minimum below which shipments are made at a loss.

If the supply of top grade plants of a variety becomes exhausted, we will substitute the nearest equal, or probably better, variety.
